PILAR
based-on projects

José A. Mañas <jmanas@pilar-tools.com>

January 21, 2020

objectives

- An expert prepares a base project (using PILAR standard)
 - base.mgr
- Other projects may be built on top of the base
 - selecting assets from base.mgr
 - inheriting asset valuation from base.mgr
 - inheriting project options from base.mgr
 - inheriting phases from base.mgr

```
$ egrep based STIC_ens_x.car  
based_on= template_x.mgr
```

- you may only select, or not, the assets from the template
- you may not modify asset valuation
- phases from template are used
